

Federal Funding for Libraries in Arizona CD2

Libraries in CD 2 supported their community members with improved access to information and learning opportunities for people of all ages.

Children at the Camp Verde Community Library learn engineering by experimenting with seltzer rockets.

Miami Memorial Library offered classes for seniors to learn computer basics.

In this large Congressional District, 31 public and tribal libraries received 77 LSTA and ARPA grants totaling \$1,032,275.00. Their community members benefited from expanded WiFi access; timely technology assistance; healthy outdoor spaces for family activities; bilingual programs; and enhanced print and electronic collections.

LSTA & ARPA Across Arizona

The Arizona State Library, a division of the Secretary of State, received \$10,770,125.00 in federal funds from the Institute of Museum and Library Services (IMLS) during FFYs 2021 and 2022.

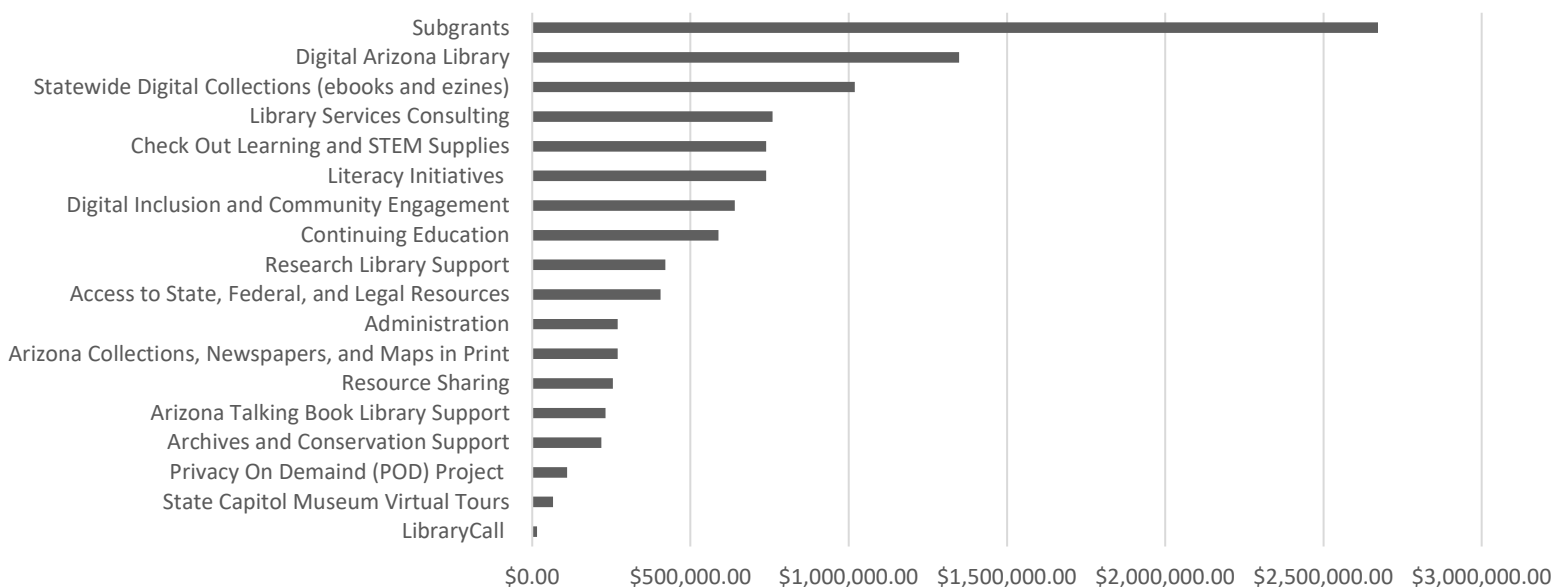

About 25% of the funds were awarded as 194 subgrants to 103 library systems. These subgrants allow libraries of all types across the state to apply federal funding to their unique community situations.

The funds were used to provide services such as **lending hotspots** to community members without home internet; **teaching digital skills** to people of all ages; and offering **workforce development** resources.

The remaining funds were used for statewide projects including:

- Purchasing electronic resources, including ebooks and ezines;
- Setting up two-person privacy rooms for teleservices;
- Hiring Digital Navigators to assist with basic computer skills training, technology troubleshooting, and online information needs; and
- Distributing STEM kits to enhance informal learning for children.
